00081598

The squadron lost about one hundred fifty (150) enlisted men during the month of September. These men, all of whom had seventy (70) or more points, were transferred to units departing for the United States during October 45. The loss of these men made it difficult to keep up all the work necessary in preparing for movement, especially in the Engineering Section, which was responsible for checking all squadron aircraft and getting them in condition for possible flights to the States.

On 25 September, Captain ELMER B. GOODWIN, Engineering Officer, and Major JOHN S. ROBINSON, Squadron Commander, returned to the States by air. They were scheduled for a direct flight from Scotland to the States flying a B-17 aircraft. Upon Major ROBINSON'S departure, Captain DENZIL NAAR assumed command of the 349th Squadron.

September proved to be an eventful month for everyone so far as redeployment was concerned. It was learned that the unit had been placed in category IV for return to the Zone of the Interior for disbandment. Several men with ASR scores below fifty four (54) were assigned to other units for continued service in the European Theater. Seventy (70) pointers and above were started on the first leg of the trip home and those with points between fifty five (55) and seventy (70) were left in the squadron for return with the Group. Before these plans were known there was considerable unrest among personnel.

All personnel records were checked during the month and brought up to date to avoid delay in any future processing of the organization. It was necessary to utilize the services of Combat Personnel in packing supplies and equipment and for engineering work on the line. Equipment not to accompany the unit was packed and turned in to Quartermaster and Ordnance Depot's, however, at the end of the month, there was still a great deal of work to be done in closing out various activities in the squadron.

Sergeant Henry Leffew and Corporal Harold L. Daniels were tried by Special Court Martial during September for violation of the 61st Article of War. Sgt Leffew was confined at hard labor for three (3) months as a result of being AWOL for about nine (9) days; Cpl Daniels was confined for two (2) months for being AWOL six (6) days in August.

On 28 September 45, the 349th Squadron was transferred from 1st Air Division to 3d Air Division per General Order # 30, Headquarters, 8th Fighter Command. (See Exhibit I).

Promotions on 14 September were:

3 EM to T/Sgt  
24 EM to S/Sgt  
21 EM to Sgt  
2 EM to Cpl  
2 EM to Pfc

A party was held in the squadron "Pub" during the latter part of the month. Plenty of beer was available and a good time was had by all. The "Pub" was permanently closed after the party due to the unsettled personnel situation and the time and efforts required to keep it going.

Three (3) squadron aircraft took part in an Air Show over Copenhagen, Denmark, the flight lasting approximately eight (8) hours. Other flights other than routine training consisted of ferrying passengers from Munich and Burtonwood. One (1) aircraft also took part in an aircraft display at Aberdeen, Scotland.

On 30 September 45 the assigned strength of the squadron was sixty three (63) officers and two hundred three (203) enlisted men.

350th Bomb Squadron  
100th Bomb Group  
APO 559

20 October 1945

SUBJECT: History of Squadron for September, 1945

TO : Group Historian, 100th Bomb Group, AAF Station 139, APO 559.

The month of September started off with a great deal of sweat rolling off the brows of the various members of the Squadron. Word had definitely come through that we were going home; the main question being when? If things go according to present expectations, that should be sometime within the next two months.

A small steady overturn of personnel continued. Almost every day saw some one or two members transfer out; either to one of the other squadrons or to some unit headed for the States. The sixth was marked by the departure of Lt. Glenn R. Wright, the last S-2 Officer in the Squadron. On the tenth, Major Charles E. Robbs left for indefinite DS with USAFE. Capt. Liljenquist assumed command of the Squadron.

On the 22nd, departures took a sharp up-swing with 18 men leaving for fighter groups and the long awaited boat ride. Three days later, on the 25th, a record number, 118, picked up their duffle bags and other odd junk collected in their two years overseas and started out on the long road home. Most of them left for fighter groups that were scheduled to leave about the end of the month. This cleaned out the Squadron of all men with over 70 points as of VE Day. Their leaving also left very few old timers in the Squadron. Now any man with over three months of service is counted as a real veteran. On the 13th of the month, 56 men went up one or more grades on one of the biggest promotion lists ever put out by the Squadron. Amos Hill put on the sixth stripe of a Master Sergeant to lead the way.

The end of the month brought with it the return of Major Robbs. It also dragged a long sigh of relief from the men, who with one idea on their minds-- getting home, were able to knock off 30 more days separating them from that beautiful object that floats on water.

### 351st Bombardment Squadron History for September, 1945...

The first of September finds the 351st Squadron buzzing with rumors of the Group moving now to the Zoof I. Rumors were bolstered a bit by the return to the base on the 6th of our members of the advance party from the field at Stuttgart, that was to be our new home in the O.A.F. With their return everyone was certain the Group was on its way home and the 351st Squadron all intact.

Naturally operations wasted no time in getting the crews in the air toward getting their monthly and A.T.C. requirements in. If the Group was going to fly home the 351st wasn't going to stand short. Instrument time was logged on every possible flight and the Bovington Radio Range was kept busy assigning altitudes for planes practicing.

While flying personnel were busy getting their requirements accomplished the 351st also participated in some extra flights carried out by the group on the 6th and shortly thereafter. On this date three ships left on a flight to Oran, Algeria, returning by way of Germany. These ships returned on the 8th. Within the next few days ships and crews from the 351st participated in two formations in the form of air shows, one to Copenhagen and the other to Brussels. In spite of all the extra flying the squadron had all requirements completed by the 15th of the month.

Throughout the month there was the regular transfer in and out of the squadron but the number of men assigned remained substantially the same. At the beginning of the month there were 344 enlisted men, 78 officers, and 2 flight officers. On the fifteenth the number of enlisted men had risen to 351 while the other categories remained the same.

On the 9th M/Sgt Nehrenberg, the Engineering Line Chief, and S/Sgt Cohen, a radio operator, were given an interesting assignment. They were

RESTRICTED

put on D.S. to fly to the States with Col. Wallace, commanding officer of the Group. It is wonderful just to get home but when you get paid for going home, well, that is about tops. They returned early, on the 29th due to a false alarm that the Group was moving to the Z of I at once.

On the 14th 24 enlisted men were made happy by the addition of a stripe or a rocker on their sleeves. There were 2 S/Sgt's promoted to T/Sgt, 10 Cpl's to Sgt, 11 Pfc's to Cpl, and 1 Pvt to Pfc. Most of these were among the ground personnel and mainly in the Engineering section. The next day 15 air crew men were promoted from Sgt to S/Sgt.

The first crew to leave this month on their homeward trek departed the 17th to a Reinforcement Depot. They were three officers and 2 enlisted men. This wasn't exactly the way the Group was expected to start moving but it was a step in that direction and everyone remained hopeful.

On the 22nd Lt Frumin was relieved of his assignment and duties in the Squadron Navigation Department and was transferred to Hq. & Hq. Sqdn. of the Third Air Division.

Between the 20th and the 25th the squadron lost 8 officers and 126 enlisted men. Some of these went to Reinforcement Depots, some to Fighter Groups, some to Service Groups, and a few very lucky high pointers were flying direct to the States. All were at least on the first leg of their trip home. Losing so many men at one time and a lot of them old squadron standbys called for some sort of going away party. So, one of those famous "351st Beer Parties" was held on the evening of the 23rd. Needless to say the results were gratifying.

With this exodus of men we lost the Squadron Navigator, Capt Romanowski, now replaced by Lt Graham, and the Squadron Bombardier, Capt Snyder, now replaced by Lt Paterno.

About this time Lt Tuseth joined our squadron and started working in

Engineering. He was later to take the place of Capt Gilbert as Squadron Engineering Officer when Capt Gilbert was moved up as Group Engineering Officer on the 27th. Also, at this time in the shuffle we lost our Operations Officer, Lt Wofford, who was transferred to the 418th Squadron as Commanding Officer. Operations was then taken over by Capt Ellis, one of our own men.

The end of the month finds the squadron strength at 210 enlisted men, 61 officers and 2 flight officers. Every man is still sweating out his fate, whether he be one of the lucky ones to go home soon or the unlucky ones to be stuck with the O.A.F.

418TH BOMB SQUADRON  
APO 559 C/O P.M., U.S. ARMY

SQUADRON HISTORICAL REPORT (SEPTEMBER 1945)

THE SQUADRON HAD MANY CHANGES DURING THE MONTH, BEGINNING WITH THE TRANSFER OF THE SQUADRON COMMANDER MAJOR ROBERT W. HENSEY ON THE 12TH OF SEPTEMBER, WHO RETURNED TO THE ZONE OF INTERIOR FOR RELEASE FROM THE SERVICE. THE NEW SQUADRON COMMANDER MAJOR JOHN P. GIBBONS TAKING OVER THE OFFICIAL DUTIES OF SQUADRON C.O. ON THE 12TH WHOM ON THE 25TH OF SEPTEMBER ALSO TRANSFERRED TO THE ZONE OF INTERIOR FOR RELEASE FROM THE SERVICE. GAINING OUR PRESENT C.O. 1ST LT. JESSE L. WOFFORD ON THE 27TH OF SEPTEMBER TOTALING A CHANGE OF THREE C.O.'S IN ONE MONTH.

THE PROBLEMS HAD JUST BEGUN WITH THE TRANSFER OF THE ENLISTED MEN. AT THE BEGINNING OF THE MONTH THE SQUADRON ENLISTED STRENGTH WAS 364 MEN, AT THE END OF SEPTEMBER IT HAD DECREASED TO 209, BRINGING MORE PROBLEMS TO THE FIRST SGT., INCREASING OF DETAILS OF ALL KINDS, CHANGING ALL DEPARTMENTS WITH INEXPERIENCED HELP. THE GRAND TOTAL OF CLERKS TYPISTS LEFT IN THE SQUADRON WAS TWO. THEREFORE ALL PERSONNEL HAD TO BE PROCESSED AND INTERVIEWED FOR MEN WITH CLERICAL EXPERIENCE. BY DOING THAT THE TOTAL OF CLERKS FOR THE SQUADRON HEAD QUARTERS WAS NOW TWO. A GAIN OF ONE.

K P AND GUARD FOR ALL PERSONNEL WAS NOW MORE REGULARLY THAN BEFORE. NOT TO MENTION NUMEROUS OTHER DAILY DETAILS. HOWEVER DUE TO SHORTAGE OF PERSONNEL AND PROBLEMS CONFRONTED THE SQUADRON IS STILL WORKING AT TOP SPEED IN PREPERATION FOR REDEPLOYMENT TO THE ZONE OF INTERIOR.

HEADQUARTERS  
AAF STATION #139  
APO 557

G-C-1

27 September 1945

SUBJECT: Passes, Leaves and Furloughs

TO : Commanding Officer, All Units, this Station.

1. The restriction on passes, leaves and furloughs has been lifted by 1st Air Division.

2. It is expected however, that there will be numerous transfers of men to other units in accordance with redeployment and demobilization plans. It is the policy of this Headquarters, therefore, that until further notice no passes or leaves will be granted in excess of 72 hours. Officers and enlisted men may be granted passes up to 72 hours on condition that they leave a bonafide address where they can be reached by telephone by their orderly rooms. In cases of 24 or 48 hour passes this will not be necessary.

For the Commanding Officer:

*John F. Burket, Jr.*  
JOHN F. BURKET, Jr.  
Major, Air Corps  
Ground Executive
